Re: Street Name Approval Notice

To Whom It May Concern:

For your information, the following street names have been approved:

- DAVENPORT WAY

Please be sure that the street names used on the final plat match the street names exactly as they were approved (shown above), including any prefix or suffix if used.

If you submitted other street names than listed above, those street names have been denied. If you need additional street names for this subdivision, you will need to submit a new application for street name approval.

Per the US Postal Service Guidelines for Submission of Street Names for Approval, approved street names are held on the Master Reserve Street Name List for eight (8) years from the date of approval. Expired street names will need to be resubmitted for the approval process. In order to transfer an approved name from one subdivision to another, a request in writing must be submitted from the original requestor.

If you have any questions, please feel free to contact me.

Thank you,
