Flu vaccines available at Public Health Office

FOR IMMEDIATE RELEASE, SEPTEMBER 24, 2015:

NEW BRAUNFELS — With autumn rapidly approaching, the time is now for Comal County residents to protect themselves against the flu; vaccines are currently available at the county's Public Health Office.

The Public Health Office offers vaccines for both children and adults by appointment in the Landa Building, 178 E. Mill St., Suite 201. A flu-vaccination clinic will be held by appointment only at the county offices in Bulverde, 30450 Cougar Bend, from 9:45-11:15 a.m. Friday, Oct. 9.

Call 830-221-1150 for more information and to schedule an appointment at either office. The Public Health Office accepts Blue Cross Blue Shield, Medicaid, CHIP and cash.

“The best time to be vaccinated is before flu starts showing up in our community,” said Gwen Mills, Comal County director of public health. “We recommend that everyone over 6 months old receive flu shots every year to keep you and your family healthy.”
