Drivers urged to be cautious at Hoffmann, FM 306 intersection

FOR IMMEDIATE RELEASE, OCTOBER 21, 2016:

NEW BRAUNFELS — Comal County drivers on FM 306 should expect delays next week as road crews work on the Hoffmann Lane intersection.

From 8 p.m. to 6 a.m. Tuesday, Oct. 25, the intersection will be reduced to one lane with flaggers waving through vehicles. Comal Independent School District has agreed to allow emergency vehicles to use the Hoffmann Elementary School driveways and parking lot as a possible detour during the lane closures.

Work on the intersection will take place from 8 p.m. Tuesday until 6 a.m. Wednesday, and is expected to require only the one night.

“I appreciate the cooperation between the school district and the Texas Department of Transportation to help make the impact to drivers as minimal as possible,” said Precinct 4 County Commissioner Jen Crownover, who worked with the entities in an effort to minimize traffic disruptions. “I ask drivers to be careful and add extra time to their commutes if they need to go through the intersection.”

The work is part of TxDOT’s ongoing expansion of FM 306 into a four-lane highway between Interstate 35 and River Chase Way, portions of which Comal County has helped to fund.
